About me:

I work in the field of web design and digital education. I have experience in creating landing pages, online stores and mobile applications (but only pet projects) and creating educational materials. I can record educational videos. My main job is a teacher, but I am developing in the field of web design and want to find my place in this field.

Education:

Vinnitsa Technical College

Service of computer systems and network maintenance, Vinnytsia Secondary specialized education, from 09/2008 to 06/2012 (45 months) degree junior specialist.

VNTU (Vinnitsa National Technical University)

Computer engineering, computer systems and network maintenance, Vinnitsa Higher education, from 09/2012 to 06/2015 (33 months) Bachelor's degree, specialist/magistor
